

Conclusion

Wrap up !

- We have introduced and practically demonstrated STM32Trust TEE Secure Manager as brand-new solution and one of the implementation options.
- We also give an overview of the new security features of STM32 H5 platform
- We hope the STM32H5 will allow you to build the security required for your product !

Thanks for your attention.

- Please provide your feedback on this workshop, it will take 5 minutes, but this feedback is very important for us :
